It is the only Cosmoon that possesses all the natities essential to a Perfect Chishion. It is is most electic and most durable Cashion ever fered to the building-playing public, as is bundantly proven by the great demand for a ince is introduction. The peculiarity which is inguishes the Cal-Gut Cushion and renders a superior to all others, is the tightened even of raceur which overlies the face and edge of the rusber and running the fell length of the cushion, which prevents the ball from bedding into the rubber and jumping from the tables. The arbitistion of the cal-out cord also galis much to the elections of the Cashion.
